Communications Between [REDACTED] Field and Departmental Personnel

1. We have been working with interested groups on procedures to advance our receipt of your letters, some of which have been slow in getting to us after their arrival in Washington. Enclosed is a photostatic copy of regulation distributed here. Following is advice directed in paragraph 2 a thereof.

a. All written communications will be prepared in original and four copies in addition to any copies desired for your office files. The original and three carbons, with return receipt attached, will be securely sealed in an envelope or package which will bear the security classification of the material and will be lettered serially. The fourth carbon will be placed in the pouch addressed in accordance with [REDACTED] procedures.

b. When intelligence information and material collected in the field for [REDACTED] is forwarded, it will be packaged and marked for dispatch in the same manner as described above. It will not be necessary to procure extra copies of material for [REDACTED] 25X1A2g However, a copy of the transmittal letter or a list of material forwarded will be prepared for [REDACTED] 25X1A2g

25X1A2g

2. We are assured that [REDACTED] marked material will be forwarded to us immediately without passing over [REDACTED] desks. 25X1A2g
